

My name is Arcenciel and I love my life. I am the fairy of all rainbows. My name means rainbow in French. My parents were in Paris on a magical mission shortly before I was born. Rainbows are bright and colorful and anytime anyone sees one they are happy. Rainbows only appear when it is raining and sunny at the same time, so they don't happen very often in any one place, but I think it is these rare occurrences that make them even more magical.
