Welcome to Fairy Land. Chime the New Year's Eve Fairy has an incredible story that she'd like to tell you. Chime wants you to know about the work that New Year's Eve Fairies like her do. They don't just work one night a year although December 31st is definitely their busiest night of the year. She loves that each new year brings us a clean slate and an opportunity for new adventures and hope and dreams. Adventure with her as you learn about how she helps to grant magical New Year's Eve wishes and one special wish that she granted about five years ago.
